FSAS — Digital Measures Activity Insight

What it is

- A partnership between colleges
- A place for faculty and staff to document their activities
- A place for the college and departments get data vetted by the individual
- A place that data vetted can searched and aggregated for a better understanding of your units
- A place to create reports on the fly (CV's, PNT)

File Storage

- Students will increasingly use a service, why not direct them to ours (and Google's)
- Network - we are now using 50% of our campus outbound capacity (Redder subnet manager meeting 04/02/14)
