

## **Attachment D**

1. **VPEOIT Search Status:**

The search committee will be reviewing dossiers of a short list of candidates recommended by the search firm the week of July 30. The intent is to have finalists on campus for interviews mid- to late August.

2. **Web portal project with the College of Business and the Library:**

The Web portal collaborative project with the College of Business is the first of the Web portal projects being designed by the Library. The purpose is to design a portal for the business students that will provide all appropriate business resources at one site; provide links to very popular business resources; provide helpful headings with appropriate information like "Find Articles" "Find Books", etc. The project is in the development stages presently.
