

## ACNS/Telecommunications Communications Room Equipment Installation Agreement

Version 3.1 (revision August, 2017)

It is agreed that \_\_\_\_\_ (Department/College/Unit, hereinafter “Department”) may install equipment into the communication room, operated and managed by ACNS/Telecom, as described below provided that:

- 1) The equipment is rack mounted specifically where arranged with ACNS/Telecom.
  
- 2) It is agreed that this is on a “space available” basis. ACNS/Telecommunications reserves the right to reclaim the rack space provided the Department is given a minimum of 30 day notice.
  
- 3) The equipment and cables to the equipment are installed according to ACNS/Telecommunications’ Standards, e.g., cables are routed and supported properly, tied into bundles, dressed properly, of proper color, length and type, etc.
  
- 4) Equipment will be clearly and neatly labeled on the front with:
  - *Contact name*
  - *Contact phone number*
  - *Contact e-mail address*

*(It is recommended that these not be individuals as individuals change, but rather site central support contacts.)*

Note: Access to the communication room is provided for separately (<http://www.telecom.colostate.edu/communications-rooms.aspx>)

(over)

**Equipment Description:**

Building and room#: \_\_\_\_\_

Number of rack space units needed: \_\_\_\_\_

Number of power connections: \_\_\_\_\_

Type of power connections: 110 or 208?: \_\_\_\_\_

Description of equipment/project: \_\_\_\_\_
