

Register a Phone

To register a phone, login to the [Two Factor Authentication](#) website with your eName and ePassword.

Click on the Register Device link on the right side of the Two-Factor Authentication page.

Two-Factor Authentication

Two-factor authentication makes your account more secure by requiring a phone and password. When you log into any service setup with Colorado State University's additional layer of security to your account. This is done by using the Duo Security app, receiving a text message, or making a phone call.
